Deputy Director for Support

SUBJECT : The Agency Courier System

I have asked the Office of Planning, Programming, and Budgeting to conduct a study of the Agency's courier system and would appreciate your views and contributions thereto. We wish to review the advantages and disadvantages of a centralized versus the present decentralized system. Security factors and clearance requirements will, of course, also be considered. Members of O/PPE will be in contact with the appropriate members of your staff in regard to the above study.
